

wishing you

PEACE & LOVE

Dearest friends and family,

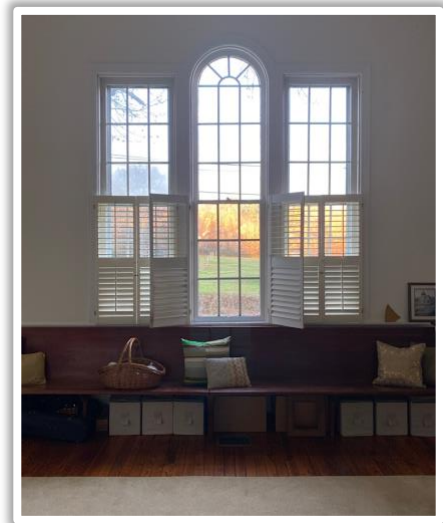

This year has been an exciting one for our pack. The biggest news is that we purchased our first home! Thus far, it has been a good adventure. Lauren learned that gardening can actually be fun. Kevin now gets to explore his own attics and crawlspaces. And Gibson has discovered entirely new species, including longhorns, goats, pigs... and a donkey!

Highlights of the year were getting to see so many loved ones in person again and being able to attend Joey and Julie's beautiful wedding in Costa Rica. We remain grateful for our good health, amazing friends and family, and finding reasons to laugh and enjoy the little things.

Here's to a New Year with more hope on the horizon. And until we see each other again, be well, and be happy!

With love,

Lauren, Kevin, & Gibson 🍷🍷
